Please find enclosed a copy of a progress report from Dr. Theodor D. Sterling. This report does not describe the substantial contribution which Dr. Sterling has made by being available for filming and as a witness on nonsmoker bills; commenting with regard to the NCAB proposals; attending various seminars and meetings (particularly those dealing with occupational hazards and air pollution); and helping us to develop a better capacity for quick responses to particular topics of interest.

Sincerely,

William W. Shinn

P.S. You should have received a letter from me dated February 7, 1975, asking approval to use $11,480 (from an earlier authorization for a conference in Israel) to enable Dr. Sterling to set up some data tapes received from the government. If we have not yet heard from you, we would appreciate your response.
